WHAT OUR CLIENT SAY ABOUT US

SBFC

SBFC Finance Private Limited

Being in the gold loan space, branch safety is a must. IGZY works on a transparent & 100% visibility approach giving us peace of mind and timely delivery with proactive alerts & agile working mechanism. Their unified platform & PAN India presence helped us use our existing resources on a centralised dashboard. Our static hardware is now proactive and actionable, thus enhancing our security parameters. We are impressed and happy to have IGZY as our business partner.

AI-BASED SURVEILLANCE COMBINED WITH HUMAN INTELLIGENCE.

100% Transparency

The bank surveillance solution automatically stores all the data on cloud storage through IoT-enabled sensors and IP cameras. The cloud platform securely holds video footage that authorised personnel can retrieve whenever required.

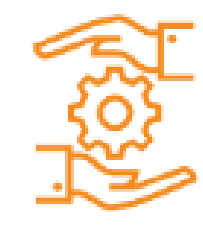

Single Window Visibility

Access all your ATM security solutions on an AI-backed cloud platform to ensure ease of operations and efficiency.

Automatic System Upgrade

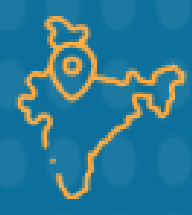

No third party dependency to upgrade the firmware on devices with remote device management.

Minimal Reliability On Judgement

Ensure error-free operations and effective results with a high level of automation in security devices.
